**AS-BUILT CHECKLIST**

**PROJECT:** \_\_\_\_\_

**SITE ADDRESS:** \_\_\_\_\_

**GRADING PERMIT #:** \_\_\_\_\_

The following features should be Survey located (by a Surveyor licensed in the State of Maryland) and the survey points shown on an As-Built Drawing in Red:

- Building corners within 5 feet of a Property Line, Building Restriction Line, or Easement
- Stormdrain Structures (rim and invert elevations)
- Stormwater Management Features (BMPs)
- Additional features specifically requested by the Town Engineer

Any features not built in the location shown on the approved plan should be shown in Red on an As-Built Drawing but do not require a Survey unless specifically requested by the Town Engineer.

The following must be provided on the As-Built Plan:

**As-Built Certification**

I hereby certify that the improvements shown have been constructed in accordance with the plans approved by The Town of Easton, except as noted in red. Modifications to the plan shown in red comply with the intent of the Design and Town Approvals.
