

**PLANNING COMMISSION AND AFFORDABLE HOUSING BOARD
WORKSHOP MEETING**

The Easton Planning and Zoning Commission and Affordable Housing Board will meet jointly in a workshop format during the Planning and Zoning Commission's regular monthly meeting date and time of Thursday, August 20, 2020 at 1:00 p.m. This meeting has been scheduled at the request of the Planning Commission pursuant to their current effort to comprehensively update the Town's Zoning Ordinance so that they may ascertain what measures, if any, they might utilize through the Zoning Ordinance to provide additional affordable housing opportunities in Easton. A "bigger picture" discussion of various issues related to housing affordability will likely also be useful as background information prerequisite to the next update of the Town's Comprehensive Plan.

As a workshop meeting, the public is invited to observe the proceedings, but may not necessarily be afforded the opportunity to speak at this meeting. Public comments on the general subject are welcome at any time prior to the Hearing and may be submitted to the Easton Planning and Zoning Commission, c/o Lynn B. Thomas, Jr., AICP, Town Planner, 14 South Harrison Street, Easton, MD 21601, or via email at lthomas@eastonmd.gov. Depending on the nature of the discussion at the meeting, the Planning Commission may also establish a comment period following the workshop for additional general comments or in response to specific issues raised at the meeting.
