

TOWN OF EASTON

P.O. Box 520
Easton, Maryland 21601

OFF-STREET

To: Parking Permit Holders

Re: Permit Parking Rules and Regulations

The attached list of rules and regulations has been compiled so that permit holders will be advised of their rights and responsibilities and to assist the Easton Police Department with full and proper enforcement. Employers that purchase permits for use by their employees are encouraged to make the permit users fully aware of these rules and regulations.

Should a permit holder change vehicles for any reason, the Town Office should be notified as soon as possible. The new vehicle must immediately be registered with the Town Office.

If any problems arise, please contact the office personnel at the Town Office. We will make every effort to assist you whenever possible.

When mounting the permit sticker on a vehicle, please be sure that the area where the sticker is to be mounted is clean and dry prior to mounting. When it is necessary to remove the sticker, this can be done with a razor blade or other sharp instruments. Stickers are designed to withstand normal weather conditions without peeling off. However, they are susceptible to gasoline and other solvents; contact with these substances should be avoided.

GENERAL PARKING PERMIT REQUIREMENTS

1. Parking Permits of any type may only be issued to or used on vehicles which are legally registered in the State of Maryland or are legally authorized for use within the State of Maryland.
2. No permit shall be issued to any vehicle for any usage which is otherwise prohibited. For example, no parking permit of any type shall be issued to any vehicle exceeding 10,000 lbs gross vehicle weight for on street residential parking (Town Code Section 17-22).
3. Any permit may be deemed to be void if it is determined that it was obtained via misrepresentation of eligibility for issuance of the permit.
4. Parking Permits are issued on a calendar year basis and expire December 31 annually.

OFF-STREET PARKING PERMIT RULES AND REGULATIONS

1. All outstanding parking tickets must be paid in full in order for a parking permit to be issued.
2. Permit stickers are to be mounted on the rear bumper of the registered vehicle, on the passenger side *or* on the rear window securely affixed to the **exterior** of the glass on the lower right corner. The permit must be visible and may not be covered over with other stickers. The Chief of Police must approve any variation from this placement on an individual basis.
3. Permits issued for Off-Street parking entitles the permit holder to park at any **metered** space in any municipal parking lot without time restriction or payment of meters, with the exception of Lot 1 (across from the Town Office) which is not eligible for the Off Street Parking Permit use. This **does not** entitle the permit holder to park at any of the spaces with the poles (without meter heads) for an unlimited time. These spaces are limited to 3 hours regardless of any permit.
4. Permits may not be transferred.
5. If a permit is defaced or mutilated in any way, there will be a \$15.00 administrative fee to replace it. It is the responsibility of the permit holder to notify the **Town Office** if a permit is defaced, or mutilated.
6. Permits which are not properly displayed or which are defaced or mutilated to the point where expiration date and/or permit numbers are not readable shall not be valid
7. Vehicles must be parked within the designated lines of the parking spaces, front end in to the pole or meter.

8. When it is necessary for the permit holder to utilize a substitute vehicle, the permit holder must notify the **Easton Police Department, 410-822-1111** immediately after parking. Please provide the Police Department with tag number, vehicle description, and meter number that the vehicle will be parked at. If a substitute vehicle is used more than one day, the permit holder must notify the **Police Department each day**.
9. Permit holders who fail to make proper notification to the **Police Department** or who fail to properly display permits may be **issued tickets** for related violations and **will be responsible for proper payment**.
10. Upon the purchase of another vehicle, you must return all or a large portion of the sticker before a new sticker can be issued. A \$15.00 replacement fee will be charged.

BLUE PARKING PERMIT RULES AND REGULATIONS

1. Blue Parking Permits are available for use in Lot 1 (across from the Town Office) **ONLY**. A limited number of permits will be issued annually and are eligible for use at any metered space within Lot 1.
2. The Blue Parking Permit does not guarantee an available space and the parking lot is “first come, first served”.
3. The Blue Parking Permit will be issued as a “hang tag” only.
4. The registered owner of the assigned vehicle may move the hang tag to any other standard sized vehicle (auto, SUV or pickup truck) registered in the name of that specific owner without the need to call in a “substitute” vehicle.
5. It is prohibited for the registered owner of the assigned vehicle to transfer the Blue Parking Permit to any other person or vehicle. Violation of this provision will cause the permit to be declared to be “void”.
6. All outstanding parking tickets must be paid in full prior to any issuance of a Blue Parking Permit.
7. If a Blue Parking Permit is lost, the original permit must be reported to the Town Office and a replacement fee of \$15.00 will apply. The original permit will then be designated void.

Annual Parking Permit Issuance

Month Issued	Off Street Parking Permit	Blue Parking Permit
